

BUY OF US.  
Santa Claus did, and his example is always worth following. He knows exactly what he's about. Just now he's occupied about Christmas. That's the business which ought to concern every one now. Speaking of holiday purchases, how about our hardware? We can't tell you a quarter as much as you can see for yourself. It's a long list of hardware articles that you need about the house. Maybe you lack some of them; if you do, just drop in on us and, like Santa Claus, fill out your list. It won't cost you much at our prices.

According to the El Paso Times, Dr.  
Hoyt, late of Richmond, Mo., whom his  
home papers accuse of eloping with the  
lady, and who with the woman were  
recently in this city, is in El Paso,  
where he was expected to remain per-  
manently.

Bessie Alberta Beatty, married Wednes-  
day, December seventh, eighteen hun-  
dred and ninety-eight. At home after

street, Chicago.

Rev. R. P. Pope, a Baptist missionary  
for this territory from Weed, is a guest  
at the Exchange. He is here to admin-  
ister baptism to a member of the Chris-  
tian Endeavor Society at the peniten-  
tiary, named Huyler, who was converted  
some time ago and has been promi-  
nent in the work of evangelization  
among his fellow prisoners. Huyler led  
the gospel meeting last Sunday after-  
noon. The ceremony will take place in  
the prison at 9:30 a. m. Sunday next,  
and there will also be preaching services  
connected with it, so that the occasion  
is sure to be one of much interest. There  
is a marked interest in religious matters  
at the penitentiary, and the Endeavor  
society there is the largest in the terri-  
tory.

Yesterday morning at 11 o'clock, con-  
tract bids for the printing for the 33d  
legislative assembly were opened in  
Secretary Wallace's office. The bidders  
were El Independiente and the Op-  
tic, of Las Vegas; the Democrat, of  
Albuquerque, and the New Mexican, of  
Santa Fe. The contract was not let un-  
til this morning as the figures sub-  
mitted were very close, and then the New  
Mexican Printing Company was de-  
cided to be the lowest bidder. There was  
only a few dollars difference between  
the two lowest bids, those of the Dem-  
ocrat and of the New Mexican.

There is at the postoffice what is called  
the morgue, where insufficiently dis-  
posed or improperly stamped letters are  
placed. The morgue is a window, and  
there is at present quite a collection of  
letters with revenue stamps thereon  
letters without stamps at all, and mail  
directed so that an expert could not  
make out where they are intended to go.  
People of absent mind or liable to make  
mistakes would do well to take a look  
occasionally at that window.

Some time last night an entrance was  
forced into Harry Motley's restaurant  
on San Francisco street, through the  
back door, and the money drawer  
robbed. Whoever the marauder was, he  
did not secure enough to pay himself for  
his trouble and work. There was \$1.65  
in the drawer, which was taken, but  
nothing else in the building was molested.

Some business men are calling for a  
recall of the high pawnbroker license  
of \$250 so that the business, which has  
fallen into a state of innocuous desue-  
tude, may be revived.

There will be a Raymond excursion in  
the city at 11:30 p. m. tomorrow to re-  
main over until 3 p. m. Sunday, when  
the special will continue towards Los  
Angeles.

The territorial supreme court will be  
in session tomorrow, Chief Justice Miller  
presiding. It is expected that a number  
of important decisions will be handed  
down at the time.

Mayor Hudson was able to be out this  
afternoon, after his illness.

on business and a guest at the Exchange.  
Mrs. McPherson is very sick, so that  
her friends are much concerned about her.

show house, is a guest at the Palace  
while in this city on business.

trip to Denver and New York.

Optic, who has been in town for a few  
days on business, returned to Las Vegas  
last night.

on business. Mrs. Hurley and a lady  
friend were with him.

tered at the Palace hotel.

Democrat, who has been a guest at the

senting D. M. Osborne & Co., the  
Auburn, N. Y., agricultural machinery  
house, arrived last night on a territorial  
business trip, and registered at the  
Palace.

He went up to Espanola this  
morning, returning tonight. Mr. Burlingame  
says the farmers are in high  
spirits over the recent heavy fall of  
snow which means fine crops for next  
year, and harvesting operations will be  
carried on with greater magnitude than  
ever. Consequently he finds increasing  
demand for farming machinery every-  
where, and he is kept busy. Mr. Burlingame  
says his factory turned out last  
year 172,000 machines, and gave employ-  
ment to 3,000 men.

ona and New Mexico, came in from  
San Juan county last night, having acted  
as moderator of two councils for or-  
daining and installing one new preacher  
and installing another over local  
churches. He reports the work as pro-  
gressing very favorably in that part of  
the territory. Dr. Craig was told on the  
train about the Taos troubles, and says  
what the New Mexican printed sub-  
stantially covered the ground. He does  
not think there will be any further dif-  
ficulty, and that the young man who  
was told to take off his hat as the  
church procession passed by, did not do  
so because he was ordered in Spanish,  
which language he does not understand.

Then some one tried to knock his hat  
off, and the stranger, thinking an at-  
tack was being made on him, struck  
back. Dr. Craig was intending to go  
south to Albuquerque this afternoon.

W. H. Greenleaf, representing a

evening.

City jobbing house, arrived from the  
east last night on business and regis-  
tered at the Claire.

jobbing house, is in town today on busi-  
ness through the territory, and is a

ular Continental Oil representative in

gins at 3 p. m., and from all reports it  
will be an up-to-date scientific game, as

**Mining Matters at Red River.**  
Special to the New Mexican.

Red River, Dec. 15.—Pretty cold  
weather up in these mountains and  
plenty of snow. But cold and snow do  
not stop work on the various mining  
properties. Bitter Creek and Pioneer  
Gulch are especially active centers.

A. E. Head, of Edlie, Pa., a wealthy  
oil operator, spent a few days in the  
camp this week, and while here pur-  
chased Theodore Wild's interests in the  
Jauneta and Jauneta No. 2 lodes. Mr.  
Head now owns the entire properties  
and has a contract to sink 50 feet  
in the shaft. Other deals are on foot  
and will be made public so soon as they  
can be closed up.

**Learned by Experience.**  
The editor of the Silver City Inde-  
pendent, after making the race for a  
county office, says:

"The editor of this paper is now en-  
tirely convinced that there is something  
radically wrong with the official election  
returns of this county. Until recently  
we have been under the opinion that they  
were defeated for the office of probate  
clerk by a healthy majority, but since  
election we have been assured by over a  
majority of the voters that they cast  
their ballots for us, and the chances are  
now that we will have to inaugurate a  
contest to secure our rights."

Like Solomon, the Wise, his experience  
has taught him that "all men are liars."

**At the Old Stand.**  
J. H. Gerdes is now located in the  
building at the corner of San Francisco  
street and Gaspar avenue, the place oc-  
cupied by him for so many years in the  
past, where he is ready to show his  
friends and customers the most com-  
plete stock of clothing, furnishing  
goods, hats and caps and other goods  
in his line in the west. The store has  
been remodeled and refurnished, and all  
callers will be astonished at the neat  
appearance of the place.

**PECULIAR POISONS.**  
**GENERATED IN THE HUMAN BODY**  
**The Result of Imperfect Digestion of**  
**Food.**

Every living thing, plant or animal,  
contains within itself the germs of cer-  
tain decay and death.

In the human body these germs of dis-  
ease, and death, are, by scientists  
(Ponamones), are usually the result of im-  
perfect digestion of food; the result of  
indigestion or dyspepsia.

The stomach from abuse, weakness,  
does not promptly and thoroughly digest  
the food. The result is a heavy, sodden  
mass which, if not removed, is the cause  
of decay poisoning the blood, making it  
thick, weak and lacking in red corpuscles;  
poisoning the brain causing headaches  
and pain in the eyes.

Bad digestion irritates the heart, caus-  
ing palpitation and finally bringing on  
disease of this very important organ.

Poor digestion poisons the kidneys,  
causing Bright's disease and diabetes.

And this is so because every organ,  
every nerve depends upon the stomach  
alone for nourishment and renewal, and  
weak digestion shows itself not only in  
loss of appetite and flesh, but in weak  
nerves and muddy complexions.

The great English scientist, Huxley,  
said the best start in life is a sound  
stomach. Weak stomachs fail to digest  
food properly, because they lack the  
proper quantity of digestive acids (lactic  
and hydrochloric) and peptogenic prod-  
ucts; the most sensible remedy in all  
cases of indigestion, is to take after each  
meal one or two of Stuart's Dyspepsia  
Tablets, because they supply in a pleas-  
ant, harmless form all the elements that  
weak stomachs lack.

The regular use of Stuart's Dyspepsia  
Tablets will cure every form of stomach  
trouble except cancer of the stomach.

They increase flesh, insure pure blood,  
strong nerves, a bright eye and clear  
complexion, because all these result only  
from wholesome food well digested.

Nearly all druggists sell Stuart's Dys-  
pepsia Tablets at 50 cents full sized  
package, or by mail by enclosing price  
to Stuart Co., Marshall, Mich., but ask  
your druggist first.

A little book on stomach diseases  
mailed free. Address F. A. Stuart Co.,
